Munns Greenup

Greenup contains Munns unique Weta-Lawn & Garden which will help your lawn grow thicker and greener for months without extreme growth as the Weta-Lawn & Garden helps slow down the release of the fertiliser, hence less mowing. It has an NPK of 12-4-8. For a beautiful thick green lawn throughout the growing season, Munns recommend three applications of Greenup, one in early Spring, early Summer and again in late Autumn.
